DuraChem® 500

DuraChem 500 Style D5H458-94 is certified to NFPA 1994 as part of a system of components with other protective equipment.

Rubber gasket fits securely around respirator, eliminates need for taping.

Even our labels work harder. ChemScan® QR code labels provide quick access to the fabric's chemical test data, and our unique "sizing" feature makes suit size easy to see.

Rear entry design enhances frontal splash protection.

DuraChem 500 Style D5H458-94 available in khaki and navy.
